

FOR IMMEDIATE RELEASE:

Network Building and Consulting is Celebrating 25 Years

Hanover, MD – September 9, 2009 - Network Building & Consulting, LLC (NB&C) is proud to be celebrating its 25th year in business. Headquartered in Hanover, MD, the company has been an industry leader in wireless site development since 1983.

Servicing the top carriers in the industry, NB&C offers clients a full suite of wireless site development services, including program management, site acquisition, land use, and construction management. After 25 years of stability, NB&C continues to strengthen its reputation as being a top employer in its space. With over 170 wireless professionals on staff, the firm has extensive experience working on challenging assignments and is consistent in delivering results with quantifiable value.

Ensuring that the company remains on the cutting-edge of wireless site development consulting, several new business units have been formed to serve the dynamic need of the industry. In 2003 NB&C formed a stand-alone Land Use division, this team specializes in navigating the zoning and permitting process in difficult jurisdictions. In 2005 a Special Projects division was created to manage the large volume of technology upgrades being completed by our clients; to date thousands of upgrades have been managed by this group. In 2007 an IP and Research team was developed to produce market-level site development research for our clients. This group also handles our Distributed Antenna System (DAS) regulatory approvals for our customers.

NB&C is lead by Thomas P. Kane, who has served as President since 2003. Tom has over 13 years of experience in wireless site development and was instrumental in turning the company into a 100% management-owned LLC.

About NB&C:
